Please provide **all** of the information requested or the combination will not be re-issued. In addition to the information below, please provide the following **required** documents:

- A receipt showing the original purchase if the warranty card was not sent in

### If you are unable to provide the original receipt, you can do one of the following:

- Contact a licensed and bonded locksmith in your area to come to the safe location and do the same verification. Have the locksmith contact Liberty Safe's Customer Service Department while on site for further instructions.

If you would like an additional copy of the combination faxed or emailed please include that information below, and check the appropriate box to the left of it. **Please allow 3 – 5 business days for processing all requests.
